Dear Team Robo Autoscript:

Thank you for applying to the 2022 Congressional App Competition. It is my pleasure to inform you that you have won second place in this year's competition. Congratulations on this tremendous accomplishment.

I sincerely commend all the time and hard work you put into your application. Having young people like yourselves working towards innovative solutions to make technology more accessible helps opens the door to many more possibilities.

Given your passion for technology shown by your app, I strongly encourage you to continue to pursue your interest in STEM as you move forward through high school and college. Just as you were inspired by OpenAI, I cannot wait to see others become inspired by your work as well. You should receive official certificate noting your accomplishment soon.

Very truly yours,
